

YARNS

Maintaining World-class quality standards and delivering innovative Products have been the foundation of Shahlon Group's manufacturing philosophy.

A system of acute quality control involving multiple tests throughout each stage of operation is adopted, ensuring quality, efficiency and dependability of every Product.

Our state-of-the-art manufacturing facility is designed according to international standards and consultation with senior engineers and includes texturizing machines, TFO machines, crepe machines, heat set machines, winding machines and various yarn dyeing machines

Our Wide range of yarn offerings include :

**TEXTURED - TORQUELESS | INTERMINGLE
CARPET | DYED | SPACE DYED**

TEXTURED - TORQUELESS YARN

We produce all types of NIM, SIM, HIM textured and crimp yarn, in all lustres - SD, FD as well as BRT, using international standard manufacturing techniques.
